This was the first intimation of the surrender our Generals had received. McCiellan in Hot Pursuit of the Rebeis.

FREDWARDE, Sept. 16 .- The following is to the Baltimore American : Information from the front this morning is of the most cheering character, notwithstanding bad news from Harper's Ferry. McClellan was pursuing them with a vigor most destructive to the enemy. He pursued the enemy on Monday morning with his reserve and a large body of fresh troops. The enemy took the road toward the river at Harper's Ferry and at Shepardetown, and he was pursuing them and shelling their retreat, with great loss. In several con-tests on Monday, where they made a stand, our troops charged on them with such vigor that they fell back from point to point in great haste.

The battles and advantages obtained on Monday are thought to be more experior in importance than those of Sunday.

Howell Cobb was wounded and taken prisoner. McCiellan was pushing on them last evening closely, and had already sent to the rear eight thousand prisoners and four batteries.

Barkittaville Gap, fought respectively by the forces of Burnaide and Franklin Sunday evening, having been driven from their position, the rebels fell back rapidly to Boonesboro, thence southward to Sharpsburg, and began crossing the Potomac above and below Shepardstown. Parsuit by our troops was rapid, Hooker following by way of Boonesboro, sup-ported by Sumner and Banks.

The enemy breakfasted at Reedysville, three miles from Boonesboro, but our cavalry soon drove their rear guard from that place. Porter's and Reno's corps took a shorter road over the mountains, and arrived at Sharpsburg at sundown, capturing hundreds of prisoners on

Yesterday evening previous to this news, MoClellan and Burnsido were rapidly making such dispositions as would have resulted in the complete defeat or capture of nearly the entire rebol host. FREDERICE, Sept. 16:b, 2 P. M.—Our loss at Harper's Ferry is light—less than two hundred killed and wounded. The forces captured were the 57th, 60th and 32i Ohio, 9:h Vermont, 39 h. 115th and 126th New York, 12:h New York State militia, an Indiana battery, besides Maryland home guards.

But they are doomed to a Waterloo defeat here this fall. The Democracy will not associate with such an unscrupilous, radical party again, since it has so openly shown its cloven foot. The Pitteburg Post took the Abolitionists at their word iast year, supposing them to be sincere in their no-party presentions; but the editor of that paper soon discovered their hypocrisy, and quickly left them. Dr. Pinmer is pastor of the Central Presbyterian Church (O.S.) of Allegheny City, as well as Professor in the Western Theological Semipary, a school under the care of the General some persons expressed doubts of the loyalty of the Doctor, and their fears of his sympathy with the rebel army having united on this side of the Potomac, numbering, it is supposed, seventy to break out in a more serious light. Dr. Plumer is one of the most able and popof the march alike, without tents and without stitution in which he holds an important position. More than two-thirds of his church are his fast triends, and do not doubt his loyalty .-But if he is disloyal, he ought not to hold the positions he now holds. But what evidence have we of his loyalty? A snort time ago Dr. Piumer cublished the card given below, which ought to set the whole question at rest. No one, who is at all acquainted with Dr. Plumer, can doubt his sincerity and piety. If he is a hypocrite, he is certainly worthy of being placed in the category with Judas Iscarlot .-Who of his accusers can present a better creed than he has given? He holds that our "Government is the ordinance of God," which he is religiously bound to uphoid. He save he intends uphold it "by word and deed"-"by precept Let all read carefully Dr. Piumer's card and adopt the sentiments there stated, and I for one will risk his loyalty.
